Books Worth Studying

(Below are just a few examples; it is not a comprehensive list.)

The following Individuals wrote or “dictated” many truly incredible books that can change the lives of everyone on Earth in countless ways. No single Religion can fulfill the Spiritual Needs of ALL people in the world, and no single Book could do so either. We must Pray, Meditate, & Follow Our Own Hearts while Walking the Spiritual Path . . . and this includes our Individual Choices of what books we Study.

We will ALL be guided to various resources, depending on what our Souls need at different stages of our lives. We must remember that reading books is not done to acquire information alone . . . but rather to apply that information through practical action. We must also remember that reading books is the “Outer Path” that is one day intended to lead us to the “Inner Path” where we will receive Direct Illumination from our Higher Self, the Ascended Masters, the Akashic Records, & by “tapping into the Mind of God”.

However, books can be extremely valuable for Souls at many different stages on The Path. The books by the Individuals just below are among THE most beneficial that we can Study, but they are only a fraction of the examples that could be given. Nevertheless, the list below will provide people with amazing books that contain life-altering information.

ALL of the books by these Individuals are absolutely worth Studying, so there is no need to list them all here. They are ALL great! People can simply go to their official websites and/or various booksellers to find the many books that these Great Souls published.
